

Infraštruktúra ako služba na kľúč

Michal Sapák, mission-critical ambassador
Hewlett-Packard Slovakia, s.r.o.

3 Cloud COE (Center of Excellence)

What HP CLOUDSYSTEM is ?

HP CloudSystem is the most complete integrated platform that enables enterprises and service providers to build and manage services across private, public and hybrid cloud environments.

Based on proven, market leading HP Cloud Service Automation and Converged Infrastructure, HP CloudSystem integrates and automates system management, servers, storage, networking, and security to address the challenges clients face today: the need to speed innovation, accelerate business processes, and reduce time to revenue.
