Our service portfolio: What we can do for you

Learn more, know more, do more: We are your partner on the way to the top. Our team of 100 experts will provide you with support on five continents in the areas of Project Management, Process Management, Change Management, Agile Management and AI. We advise you and your team, provide training and further education, software solutions, coaching and emotional inspiration, and help in case of staff shortages and special projects with experienced interim managers.

Consulting with a clear objective

We work with you to find effective and sustainable solutions to meet your requirements. We accompany you as a partner from the start of activity until the results have been permanently anchored in your company. Pragmatic and practical.

Customized coaching

We support project manager, process managers, change managers, agile teams or even the whole team in professionally coping with highly challenging assignments. With experience, enthusiasm and expertise.

Interim Managers

Project managers, PMO managers, process managers, change agents or project assistants: 290 proven experts in our pool of Interim Managers look forward to supporting you whenever shortages arise or specific knowledge is missing from your organization.

Training and further education on the spot

Our internationally-aligned training and development program includes training sessions, courses, MBA, preparations for certification, events and blended learning offers. All offers exist as a public or in-house option.

Emotional inspiration

We are also capable of emotionally anchoring project and process management in your employees. Changes and improvements with emotional added value can be implemented more quickly and have a more sustainable effect.

Software in practice

From a free tool to a complete software suite: Our intelligent software solutions simplify your projects and processes. We work with you to find the right solution.
